INSTRUCTIONS FOR MAKING A BANNER:

1. Make a blank banner: It should be five times as long as it is wide (i.e. 2ft by 10ft, or 10 ft by 50 ft). It should also have loops at the top and bottom to slide a piece of one inch doweling to suspend it from and to help it hang properly.
2. Hang the blank banner on a wall.
3. Use a projector connected to a computer to project the above banner onto the wall.
4. Adjust the size of the text to fit the blank banner (you can either move the projector or you can change the percentage to 150% or 200%)
5. Trace the text onto your banner in pencil.
6. Paint in the lines. Voila! You have a banner!
