

# COVID PROTOCOL

FOR PALESTINE DELEGATIONS

**November** ————— **2022**

The following protocol contains some key elements for ensuring that the Palestine team's national and international delegations can be carried out as safely as possible.

## **Before Arriving At The Delegation:**

- We will limit the number of delegates to 12 people per delegation.
- If less than 6 people register, the delegation will be canceled, and CPT will allocate any payments towards another delegation in Palestine or another CPT program.
- For the international delegation, CPT will recommend but not cover travel insurance
- We will request a liability waiver if the delegation is canceled two weeks before the delegation.

## **After Arrival:**

- All participants will do a COVID-19 test if anyone in the delegation tests positive.
- All participants will sign a liability exception, indicating that CPT is not responsible in the case of COVID-19 infection or death due to COVID-19 during the delegation.
- If a person has symptoms, they should get tested as quickly as possible, either with a COVID-19 home test or PCR.

- If a person has COVID-19, they will quarantine in one of the CPT apartment rooms for a minimum of 5 days. They may rejoin the group after 5 days but must wear a mask if still symptomatic.
- Masks are not required unless one of the group members has COVID-19 or has symptoms.
- CPT will provide hand sanitizer and masks.

## **In Case Of Contagion:**

- In the case that a participant has COVID-19, CPT will cover their expenses during isolation.
- CPT will designate a person from the team (other than the delegation leaders) to support the person with COVID-19 and provide food, medication, etc.
- If two thirds of the delegation tests positive for COVID-19, the delegation will be canceled. CPT will cover food and lodging costs until the travel date, or the participant can change the travel date.
- In case of cancellation, we can think of alternative activities depending on where the team is in its action planning and the context.
- Other decisions can be made by the Palestine team if something unexpected happens.
